

Sunset Rack

PRODUCT OUTLINE

LOW VOLUME PARKING

The Sunset Rack is constructed of heavy gauge, steel tubing and parks up to 2 bikes. It has multiple contact points for supporting the bike and locking the frame and wheel. The Sunset maintains a slim, appealing profile when not in use. The Custom Logo Plate can be provided with laser-cut graphics or as a blank plate suitable for vinyl graphics (applied by customer). The Logo Plate size can be adjusted to suit the logo or graphics.
