

M-Rack with Custom End Panels

(Inquire about other End Panels Design availability.)

Lobster Model (Shown): 850550

Surface Mount Only

Capacity: 7 Bikes Nominal, 9 Bikes Maximum

Description:

The M-Rack with Lobster End Panels is an example of the customization available with Knill Bike Racks. This rack provides the added security of large diameter, heavy gauge steel tubing and is available in a variety of lengths to suit your needs (4-Hump version shown). Bikes can be securely locked in place from a wheel and the frame. The "rolling" design suits a variety of locations.

The Custom End Plates provides a location for advertising, identification or commemorative text. The plates can be provided with custom laser-cut graphics (as shown) or as a blank plate suitable for applied vinyl graphics.

Available in Surface Mount/Portable configuration only.

Parks 7 to 9 bikes.
